EuroPerio8 Registrations break all records!

We have had fantastic interest in the forthcoming EuroPerio8 conference, with Early Bird registrations running 30% higher than any previous EuroPerio8. We are well on course to having considerably more than 9000 attendees at the meeting in June.

With this huge success our server has been working at maximum capacity for the past few days, but some of you may have encountered difficulties registering due to very high peaks of activity. We do therefore ask for your understanding and in order to compensate for any possible difficulties during these last days, we have decided to extend the Early Bird Registration deadline **up to this Friday 6th March** at Midday, CET.

If you have not already registered, don't miss this chance to join us at the World's leading Conference in Periodontology and Implant Dentistry. We are sure EuroPerio8 is going to be the biggest and best yet!
